TANK

TENNENTS LAGER £3.50
IBU 22.5

Unpasteurised, Unfiltered, just as
the brew master prescribed.

IBUs

International Bitterness Units are a chemical measurement of the number of bittering compounds. Usually these will be between 5 and 120. IBUs are generally indicative of how bitter a beer will taste and the more IBUs, the more bitterness. Remember though, taste is a personal preference, you may like a bitter beer, or you may not, but this scale should help with your choice.
